Now is the time for all good men to come to the aid of the party & 'do it now' (read from a file)

# Paragraphs

Now is the time for all good men to come to the aid of the party, & "<< do it now >>". These are the times that try men's souls. The quick brown fox jumped over the lazy dog.

For lo, the winter is passed, the rain is over and gone. The flowers appear on the earth, the time for the singing of birds is come, and the voice of the turtle is heard on the land.

How beautiful your sandaled feet, O prince’s daughter! Your graceful legs are like jewels, the work of an artist’s hands. Your navel is a rounded goblet that never lacks blended wine. Your waist is a mound of wheat encircled by lilies. Your breasts are like two fawns, like twin fawns of a gazelle. Your neck is like an ivory tower. Your eyes are the pools of Heshbon by the gate of Bath Rabbim. Your nose is like the tower of Lebanon looking toward Damascus. Your head crowns you like Mount Carmel. Your hair is like royal tapestry; the king is held captive by its tresses.

How beautiful you are and how pleasing, my love, with your delights!
